Strategic Global Leadership | GCC / Delivery / Engineering Leader | Scaled Teams 0→450+ | Cost, Revenue & P&L | AI-driven Business Transformation

PROFESSIONAL SUMMARY

Strategic global delivery and engineering leader with 25+ years of building and scaling engineering/delivery organizations for enterprise-scale SaaS products and applications. Led teams to surpass Product, Engineering, Delivery, Business, Operations and Customer KPIs by strategically leveraging business and technology acumen, industry best practices, process improvement, people capability, and a performance-driven, employee-centric "One Team" culture. 12+ years reporting to C-suite leaders on offshore strategy, planning, forecasting and KPI reporting; Board experience spanning P&L, HR, L&D, legal, finance and compliance. Currently driving an AI-first delivery model at Onit — agentic AI tooling, MCP-based integration, and AI across the SDLC.

25+ years · 3 GCCs built from scratch · Teams scaled 70→450+ · \$80M portfolio · \$30M single account · 98% CSAT · <5% attrition · \$5M+ AI/ML margin

CORE COMPETENCIES

- | | | |
|------------------------------------|--------------------------------------|-------------------------------|
| ▪ P&L & Revenue Ownership | ▪ Data Science & Analytics | ▪ Customer Success & CSAT |
| ▪ Program / Portfolio Management | ▪ Stakeholder & Executive Management | ▪ Vendor & Sub-Con Management |
| ▪ Delivery Management & Excellence | ▪ Talent Strategy & Retention | ▪ M&A Integration |
| ▪ GCC Setup & Site Leadership | ▪ Cost & Margin Optimization | ▪ Agile · Scrum · PMP · ITIL |
| ▪ AI-Driven Transformation | ▪ Continuous Improvement | ▪ Risk & Change Management |

PROFESSIONAL EXPERIENCE

Onit — Director, Professional Services · Head of CX Organization Jan 2026 – Present
AI-native legal SaaS suite · global top-10 to SMB customers

- Leading the CX organization — Implementation, Migration, Integration and QA — owning end-to-end customization, deployment and support.
- Built and productionized an Agentic AI Agile-PM app (Cursor, n8n, JIRA, LLMs); driving MCP-based metadata-driven integration; part of AI Governance team incl. the SLM-based product Olava.
- AI-powered data migration and build tools cut a 6-month process to 3 weeks; AI-based estimation, QA automation, AI-assisted TDD and documentation-as-we-build.
- Introduced end-to-end QA processes, centralized staffing and a Clean-UAT standard delivering near-zero production issues during warranty.

Clarion Technologies — Global Delivery Head Jan 2025 – Jan 2026
300+ developers · 100+ projects · \$15M+ portfolio · Americas, Europe & Saudi

- Owned global delivery with full revenue, P&L, account mining and customer satisfaction accountability across 100+ SMB customers.
- Improved profitability 7%+ within 6 months; reduced management bandwidth 28%; automated all delivery and account reporting.
- Generated \$5M+ additional margin through data science and analytics; 18% faster delivery using AI-assisted development.
- Sustained 98% customer satisfaction (C-Sat 5 with 85%+ survey coverage); grew accounts from 2 to 25 developers.

Jet2 Travel Technologies — Head of Delivery · GCC Head

Feb 2022 – Jan 2025

UK's largest airline & holiday company (\$6.5B revenue) · founding GCC leadership · reported to CIO

- Scaled the India GCC from 70 to 450+ employees in under 3 years across 20+ technology stacks; owned the £4.4M offshore portfolio budget.
- Hired 20+ engineering managers, 2 heads of delivery and 45+ leadership roles; built L&D, Data Engineering, Data Science & ML-Ops, Digital Analytics and RPA functions from scratch.
- Delivered 9 ML models to production generating \$5M+ margin within 18 months; launched Gen-AI smart search on the e-commerce platform; migrated the data estate to GCP + Snowflake.
- Transitioned 35+ applications to India with zero disruption; rewrote 25+ legacy applications cloud-native; unified two mobile apps into a single native app; Sitecore → Adobe CMS migration.
- Trained 310+ employees in Agile with org-wide Scrum; integrated GitHub Copilot and code-compliance tooling.

Netrix Global — Head of Delivery · GCC Head

Nov 2019 – Jan 2022

180 people across Pune, Mumbai, Kochi & Hyderabad · 24/7 US & EMEA managed services

- Ran India operations and delivery across telecom, healthcare and education products plus large managed-services accounts.
- Led 3+ mergers & acquisitions end to end — people, systems and delivery continuity.
- Built the operating backbone: HR processes, salary benchmarking, job-level matrix, KPI dashboards; drove vendor changes for cost efficiency.

Nuance Communications — Director, Professional Services · India Center Head

May 2013 – Jul 2019

Employee #1 in India → 120-person professional services organization

- Built the conversational-AI professional services org from zero — UI design, speech science, app development, QA, cloud, BI and content — for AI/ML IVR, virtual assistants and voice biometrics on Azure.
- Owned an \$80M revenue portfolio including a \$30M single account; delivered 100+ projects with zero major escalations, all within timelines.
- Grew offshore adoption from a few hundred to 150K+ hours within 2 years; delivered \$450K cost savings in FY17; managed a \$750K/year sub-contractor engagement.
- Held attrition under 10% for 4 consecutive years while scaling the organization.

Earlier Roles

Oct 1998 – Mar 2013

- **IBM** — Technical Services Delivery Manager (2012–2013): 100% SLA adherence, zero attrition; "Best Manager Award" within 8 months; top corporate audit ratings.
- **Hitachi Consulting** — Senior Practice Manager (2011–2012): 33-person managed-services practice (Oracle BI, Dynamics AX, .NET/BizTalk); attrition below 5% within 6 months.
- **Avaya India** — Manager, Operations / Service Delivery (2007–2011): Tier-3 GNOC support for IP telephony serving 90% of the Fortune 500 on ITIL.
- **Siemens** — Customer Support Executive / Team Lead (2004–2007); **Intellicon** — Customer Support Engineer (1998–2004).

EDUCATION & CERTIFICATIONS

AI for Leaders — IIM Visakhapatnam (*pursuing*)

Senior Management Programme — IIM Kozhikode

MBA — Symbiosis, Pune · **B.Sc. Electronics** — Shivaji University

PMP · ITIL Expert · CSM · Agile · CCNA · SCCA · ACE
